

## Industrial Grade Riggers

Provide the ultimate in hand protection due to their tough construction, padded palm and affordability.

## Professional Riggers

Crafted from premium grain A1 - Grade cow leather.

Our Professional Riggers Gloves are the original extremely tough and reliable Riggers Gloves that you know and love.

The elastic cuff ensures your gloves fit securely.

## Heavy Duty Industrial Nitrile

The Glove Company's affordable PPE safety glove solution that will give you the confidence to handle chemicals and fuels in any industrial environment.

Our heavy duty gloves have a thick nitrile coating for long-lasting shielding against harsh industrial and commercial chemicals.
