Storage:	5-30°C, avoid frost and direct sunlight	Speed recommendation for hard paints:	Higher speed range (also manual usage with Hand Applicator or rotary polishing machine possible)
Colour:	Gray	Pressure recommendation:	Low pressure
Volumes:	250 ml: 22992.281.001 1 L: 22992.261.001		

Recommended Usage

- Clean surface thoroughly prior to polishing.
- Shake the bottle prior to use and apply the following quantity of the product onto the polishing pad.
Recommendation for a 40cm x 40cm area:
Pad with a diameter of 95mm: 3-4 pea-sized drops
Pad with a diameter of 150mm: 5 pea-sized drops
Pad with a diameter of 180mm: 6-7 pea-sized drops
- Use the Menzerna Soft Cut Foam Pad to remove fine scratches, shading, smears and holograms.
- Use an orbital polishing machine and use the cross-coating method.
Apply light, even pressure while polishing and extend the product with a constant high machine speed.
- At first, the polish will seem a little milky and should be worked in until only a slightly transparent/oily film is visible.
- Once you have finished polishing, remove any residue with our Premium Microfiber cloth, without applying any pressure.
- Fine scratches, shading, smears and holograms have now been removed.
Your surface boasts a brilliant finish and can now be sealed with one of our Menzerna Protection products.
